

ACCESIBLE CITY

ACCESIBLE CITY

"Accessible City" is an app that my colleagues and I developed during the HACK A BOSS bootcamp. The goal was to create a responsive app to make cities more accessible, allowing users to identify various accessibility issues in different locations.

This app caters to two types of users: regular users and administrators, each with distinct permissions. Regular users can view entries and react to them by liking them. Administrators, on the other hand, have the responsibility of creating and deleting entries.

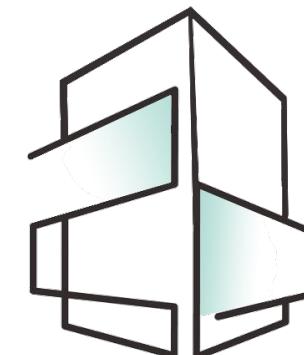

This document showcases the initial design created by my colleagues and me, alongside a new design crafted by me. The new design is more minimalist and incorporates additional features such as the ability to delete an entry. Here, you will simply observe the design transformation of the application.

Mobile design

New design

The new design features a light blue background. At the top is a logo consisting of a stylized building with the text "ACCESIBLE CITY" below it. Below the logo is a "SIGN UP" section with the text "Welcome to our accessible city app". There are three input fields: "User *", "Email *", and "Password *". At the bottom are two buttons: "SIGN UP" and "NO SIGN UP".

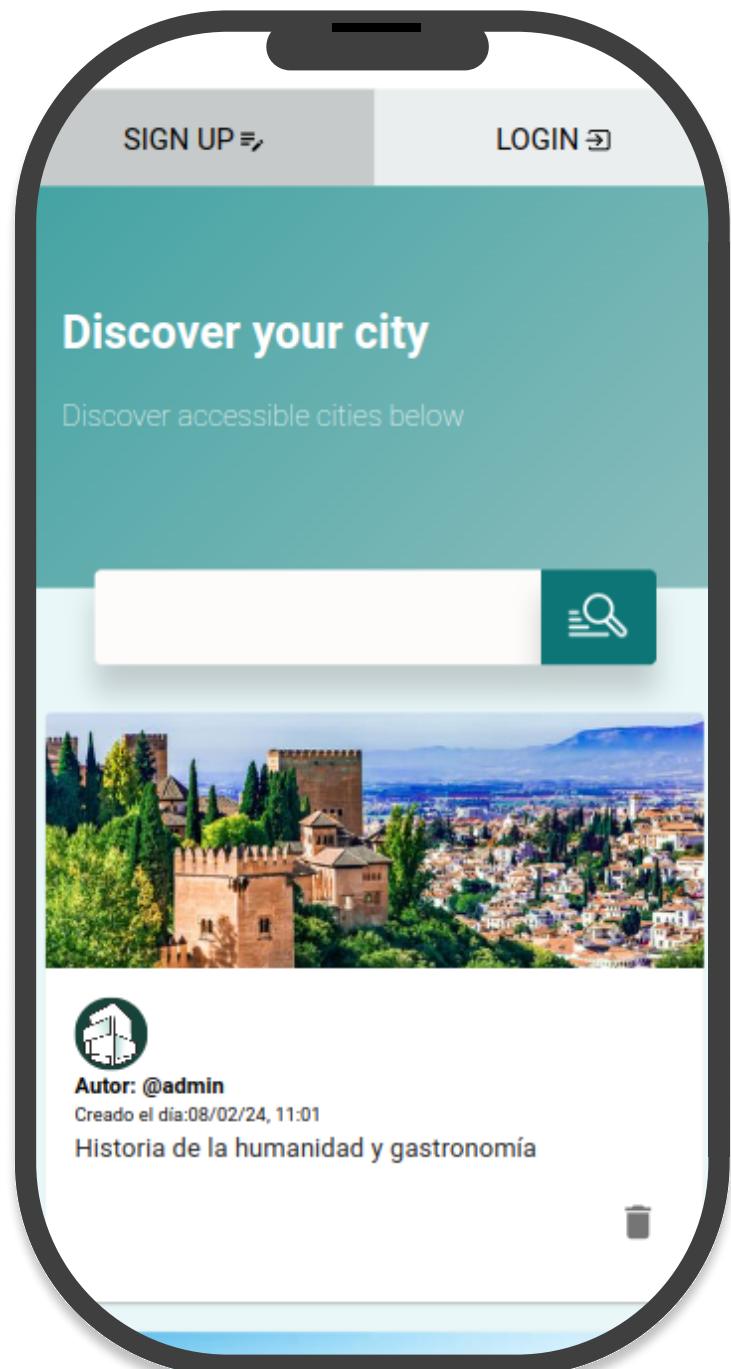

Old design

The old design has a dark blue background. It features a large image of a city skyline with a hand holding a golden crown in the foreground. The text "Ciudad Accesible" is visible above the hand. Below the image is a "Login" section with "Email:" and "Password:" fields, and a "Loguearse" button at the bottom.

The screenshot shows a desktop application window for "Ciudad Accesible". The interface includes a top navigation bar with a user icon, a logo featuring a stylized orange crown and a car, and the text "Ciudad Accesible". Below the navigation is a teal-colored header section with the text "Discover your City" and a "Sign up" button. The main content area features a search bar with a magnifying glass icon. A post card is displayed, showing a profile picture of a woman, the author's name "@admin", and the creation date "Creado el día: 08/02/24, 11:01". The post content is "Historia de la humanidad y gastronomía" and includes a large image of a cityscape with a prominent castle or fortress in the foreground.

The screenshot shows the desktop application interface for Ciudad Accesible. At the top left is a yellow user icon. At the top right, the text "Hi @admin!" is displayed. In the center, there is a logo featuring a stylized orange city skyline with a wheelchair icon integrated into it, accompanied by the text "Ciudad Accesible". Below the header is a navigation bar with a "Create Entry +" button on the left and a "Logout" button on the right. A blurred profile picture of a woman is centered on the page. Below the profile picture, the text "Administrador" and "San Diego, Ca" are visible. A large orange banner at the bottom contains the Spanish text "¡Haz tu ciudad más accesible hoy!". Below the banner is a white input field with the placeholder "Escribe un título aquí". Underneath the input field are three small dropdown menus labeled "Ciudad", "Barrio", and "Distrito". A text area below these dropdowns has the placeholder "Describe tu incidencia aquí...". At the bottom of the page, there are three "Seleccionar archivo" buttons followed by the text "Ninguno archivo selec." and a "Publicar" button.

The screenshot displays a modern website interface for "ACCESSION CITY". At the top left is a green user icon. On the right, the greeting "Hi @admin!" is shown next to a "LOGOUT" link. The header features a "CREATE ENTRY" button on the left and a large, atmospheric image of a city skyline partially obscured by fog. In the center, there's a circular profile picture of a building, labeled "Administrator" and "San Diego, Ca". Below it, the tagline "Make your city more accessible today!" is visible. The main content area contains fields for "Write your title here *", "City *", "Neighborhood *", "District *", and a "Describe your incident here... *". A row of three small icons is positioned above a teal "PUBLISH ENTRY" button.

Old design

The image shows a screenshot of a website with a dark gray background. At the top center is the logo for "Ciudad Accesible", which consists of a stylized yellow icon of a city skyline with a road and a car, followed by the text "Ciudad Accesible". Below the logo is a white button with the text "MEET OUR TEAM". Underneath this button are three separate portrait photographs of individuals: a woman with long dark hair on the left, a woman with curly hair and glasses in the middle, and a man with a beard on the right.

Desktop design

New design

The screenshot displays the desktop version of the Accessible City website. At the top center is the logo, which consists of three stylized 3D cubes in white and light blue. Below the logo is the text "ACCESIBLE CITY" in a sans-serif font, with "ACCESIBLE" in black and "CITY" in a teal color.

Below this header, there is a section titled "MEET OUR TEAM" in a bold, dark teal font. Underneath the title, a subtitle reads: "This application was initially made by Sara López, Javier Romero and Ana Pérez."

The main content area features three individual portraits. On the left is a portrait of a woman with long dark hair, smiling. A pink rectangular overlay contains her name, "ANA PÉREZ", in white capital letters, and a blue rectangular overlay below it contains the text "JUNIOR WEB DEVELOPER" in white capital letters. In the middle is a portrait of a woman with curly hair and glasses, also smiling. On the right is a portrait of a man with a beard, looking directly at the camera.
